

English

Our second English topic this term is based around fairytales.

We will be looking at the features of traditional fairytales and writing recounts of well-known stories.

We will also be creating our own characters and innovations.

Science

We will be learning about the human body and our senses. We will understand which part of our body helps our senses to work.

Music

In music we are looking at key elements such as tempo, dynamics, and timbre. We will be exploring instruments to create our own sounds and create a whole class piece of music linked to 'Under the Sea'.

Year One Spring 1 Curriculum Overview

This half term's enquiry is: What if I could only eat from my garden?

Our topic this half term is 'What if I could only eat from my garden?'

The key subjects this half term are geography, DT and Science.

Key vocabulary: Fairytales, traditional, Place value, body, senses, timbre, dynamics, tempo, pulse, product, recipe, design, United Kingdom, England, Northern Ireland, Scotland, Wales, Islam, Allah, Creation.

Geography

This half term we will be focusing on the UK. We will be learning how to locate the countries on a map of the UK and what the capital cities of each countries are.

Maths

In Maths this half term we will be looking at place value from 1-100. We will be working with two-digit numbers and understanding number sequence.

We will also be comparing lengths and heights and learning how to use a ruler.

D and T

Over the course of the half term, we will be looking at designing and creating our own fruit smoothies.

PE

Our PE day this year is:
Wednesday & Thursday

We will be focusing on:
Dance

PSHE

In PSHE we will be looking at what it means to be responsible. We will be exploring how to prevent accidents from happening and what is safe and unsafe.

RE

Our question for this half term is 'How might beliefs about creation affect how people treat the world?' and we will be exploring the Islam faith.
