

Literacy

Our first English topic this half term will be based on 'Last Tree in the City'. We will be writing narration of environment story sentences. Our second English topic will be 'Splash'. We will be composing Olympic story sentences with a focus on adding prefixes and suffixes to adjectives and verbs.

Design Technology

This term we will be focusing on Stable Structures. We will be designing and making our own pencil pots!

RE

Our question for this half term is 'How might people show they belong to God?'

PE

This term our PE sessions will take place on Monday mornings and Thursday afternoons. We will be focusing on: FMS Overarm throwing, running and jumping.

Lea CP Primary School

Year 1 Curriculum Overview (Summer 2 Term)

Maths

Our daily maths sessions will focus on fractions, finding halves and quarters of shapes. Measuring focusing on height, length and weight and mass.

Science

This half term we will be revisiting topics throughout the year making connections with some exciting experiments! We will focus on recognising similarities and differences between animals in the same animal group.

Geography

In Geography our question is 'What is it like to live in Shanghai?' We will be identifying the similarities and differences of our locality, and locating China using an Atlas.

Social, Moral, Spiritual and Cultural skills (SMSC)

This will be integrated throughout our topics.

Promoting our school values

Through our learning we will be learning about diversity and tolerance. We will be re-introducing our school values and incorporating them into our learning.

PSHE

This half term we will be learning about emotions, kindness and self-care as part of our 'Relationships and Sex Education' (RSE) curriculum. We will also be learning about water safety and consent.

Vocabulary

Unique, like, dislike, safe, consent, appropriate, touch, control, trust and anger.

Computing

In Computing we will be focussing on Programming. We will use programming blocks to use, modify, and create programs. We will also be introducing the early stages of program design through the introduction of algorithms. This will be underpinned with a focus on Online Safety.

Music

This term we will be learning to increase our musical vocabulary through the topic through the use of the classical music to explore dynamics and tempo.
